

JOINING GOD IN THEN NEIGHBORHOOD

What is God doing out there? – We want to be part of it!

What is *Joining God in the Neighborhood*?

A time of listening and learning for your church becoming attentive to what God is doing in the world around you, and deciding how you will join in.

*When two disciples asked him, "where are you staying?"
"Come," Jesus replied, "and you will see." John 1:38-39 (NIV)*

What are the Discovery practices?

Discovery Practices are focused engagements with your congregation, your faith, and your wider community. Discovery Practices are easily tailored to fit with the unique life and dynamics of your church and its setting. Here is an overview:

Practice #1: A Spiritual Practice – Connecting our Story with God’s Story. A foundational congregation study process discovering afresh God’s “dream” for creation and the church -- *Behold: There is a New Creation* (6 sessions). This formation experience supports discovering your place within God’s dream to bring about a “new creation” (2 Corinthians 5:17).

Practice #3: Listening and Learning – Conversations with a Purpose. This practice introduces one-on-one conversations with people we already know in our neighborhoods and community to listen and learn. The goal is to discover hopes, concerns, and needs in relationship.

Practice #4: Community dialogue – Gathering (your wider community) in Conversation. Church leaders and members together with representatives of the wider community share wisdom and experience looking at their community together. An experience of mutual conversation and learning. Building shared understanding of local issues (opportunities, challenges, concerns, assets, needs) that have an impact on the people who live here.
